Welcome to Village a complex of 8 brand new townhouses converted from an original warehouse that dates back to the late 19th century. Originally a joinery, it was later used for a sheet metal business, then in recent years, an Artists Studio. Introducing modern comforts with rustic charm, 6 of the 8 townhouses have retained some of the original warehouse features in a functional yet artistically and visually pleasing way. Set in a horse shoe layout, each townhouse faces a shared granite cobblestone courtyard. With the facade of the original building carefully preserved and restored for posterity, here is your opportunity to live in and own a piece of history! Townhouse 1 of 16-18 Gorman Street, offers on the ground level: Private entrance court leading up to covered balcony The first level features: An open plan kitchen/lounge/dining which leads onto an open gallery ideal for alfresco dining and entertaining. High ceilings with original beams grace the warm living space
